📁 PROJECTS

Makaan Real Estate

Our real estate website offers a comprehensive platform for buying, selling, and renting properties, featuring detailed listings and high-quality images. With advanced search filters and expert insights, we simplify the process of finding the perfect home or investment opportunity.

Book My Show

BookMyShow is a leading online ticketing platform that allows users to book tickets for movies, events, sports, and other entertainment activities. As part of the team, I contributed to the development and enhancement of the platform's user interface and experience, ensuring seamless ticket booking, secure payment processing, and efficient customer support features.

Quiz_Platform

Developed and maintained a dynamic quiz platform that allows users to engage in various quizzes on diverse topics, track their scores, and compete in real-time. Utilized technologies like JavaScript, React, Node.js, and MongoDB to create an interactive, responsive, and user-friendly interface.
